

PM'S VISION OF 'ATMANIRBHAR BHARAT' COULD ONLY BE ACHIEVED IF THE PANCHAYATI RAJ INSTITUTIONS OF THE COUNTRY BECOME SELF-DEPENDENT IN ALL ASPECTS, SAID SHRI SUNIL KUMAR, SECRETARY, MINISTRY OF PANCHAYATI RAJ

Chennai, December 21 2021: As the Nation is celebrating 75 years of Independence as 'Azadi Ka Amrit Mahotsav', the Ministry of Panchayati Raj is undertaking several activities and initiatives to uphold the Prime Minister's vision of 'Atmanirbhar Bharat' in the light of the fact that the vision of 'Atmanirbhar Bharat' could only be achieved if the Panchayati Raj Institutions of the country become self-dependent in all aspects, said Shri Sunil Kumar, Secretary, Ministry of Panchayati Raj. Thus, it would be apt to say that only 'Atmanirbhar Panchayats' can lay the foundation for 'Atmanirbhar Bharat'.

Shri Sunil Kumar, Secretary, Ministry of Panchayati Raj delivered a keynote address while declaring open of a day-long National Webinar with the theme 'Atmanirbhar Panchayats - Role of Technology, Entrepreneurship and Harnessing Energy in Achieving Self-reliance for Sustainable Development'. Today's Webinar is the sixth in a series of National Webinars organized by the Ministry of Panchayati Raj in commemoration of Azadi Ka Amrit Mahotsav since its nationwide launch on 12 March 2021.

Shri Sunil Kumar, Secretary, Ministry of Panchayati Raj said that role of modern technology, entrepreneurship and energy self-sufficiency is going to play an essential part in the making of 'Atmanirbhar Panchayat'. Panchayats should be made aware of new technologies which are cost-effective, tested and useful so that their benefits could reach the last mile and our Panchayats can become Economic Growth Centres

and Demand Centres. Panchayats can serve as a bridge between the IIT's Rural Technology Action Group (RuTAG) like institutions and the villages.

With regard to the conceptualization of National Webinar on Atmanirbhar Panchayats - Role of Technology, Entrepreneurship and Harnessing Energy in Achieving Self-reliance for Sustainable Development, Shri Sunil Kumar, Secretary, Ministry of Panchayati Raj said that today's National Webinar is yet another important initiative of the Ministry of Panchayati Raj towards bringing greater self-reliance in the Panchayati Raj Institutions.

While delivering the keynote address at the National Webinar, Shri Sunil Kumar, emphasized that technology will have a major role to play in improving the ease of living and standard of living for citizens in rural areas, which is one of the key goals of the Government of India. People are willing to accept the technology and technological interventions if they are made to understand in their own languages.

Exhorting Panchayati Raj Institutions to actively participate in Good Governance Week (20 - 25 December 2021) with theme Prashasan Gaon Ki Aur Shri Sunil Kumar, Secretary, Ministry of Panchayati Raj underlined that Good Governance with an ingredient of technology and e-Governance makes the Government at various levels transparent, accountable, responsive and efficient, and all Government employees and public representatives are expected to play a pivotal role in promoting the cause of Good Governance and help in bringing transparency and

accountability in the systems. Better governance can make sure technology works for everyone and also for addressing the multi-dimensions of unemployment in rural areas. Technologies hold great promise for improving government effectiveness in the delivery of fast, better and efficient citizen services to the local residents at the basic unit of local self-government.

While making opening remarks, Dr. C. S. Kumar, Additional Secretary said that the theme of the Good Governance Week and the theme of the Webinar are also in sync. Keeping up with a rapidly changing technology landscape, Panchayats have to provide leadership, play the role of bridge and also contribute to the issues of national and international importance like energy self-sufficiency, climate change, carbon zero climate pledge, achieving the Sustainable Development Goals etc. Opening remarks were made by Shri (Dr.) Bijaya Kumar Behera.

The National Webinar was

attended by all senior officers of the Ministry of Panchayati Raj, Department of Panchayati Raj of States and Union Territories, State Institute of Rural Development & Panchayati Raj (SIRD&PRs). A large number of elected representatives and functionaries of Panchayati Raj Institutions joined the National Webinar remotely through VC link as well as NIC Webcast link. People joined the National Webinar from centres of Unnat Bharat Abhiyan as well.

Technical Session I on 'Unnat Bharat Abhiyan: moving towards achieving Panchayat self-sufficiency in Localised Renewable Energy and sustainable rural development' was co-chaired by Prof. P. M. V. Subbarao, Head, CRDT, IIT Delhi and Prof. Virendra Kumar Vijay, Professor, CRDT, IIT Delhi & National Coordinator, Unnat Bharat Abhiyan, Ministry of Education whereas Technical Session II on 'Atmanirbhar Panchayats as instruments of economic development in rural areas through Rural Technology and

Entrepreneurship' was moderated by Shri Khushwant Singh Sethi, Joint Secretary, Ministry of Panchayati Raj.

All the speakers shared their ideas, opinions and experiences regarding remarkable work done for proving technological solutions to requirements of daily needs and day-to-day lives. Detailed Presentation was made by Ministry of Power [Bureau of Energy Efficiency (BEE)], Ministry of New and Renewable Energy, Ministry of Skill Development and Entrepreneurship, Office of the Principal Scientific Advisor (PSA) to the Government of India and Indian Institute of Technology Delhi (IIT-Delhi) during the Webinar.

During the first technical session, a presentation on the Role of Technologies in rural areas for a Gram Urja Swaraj, a carbon-neutral society for Atmanirbhar Bharat was made by the Indian Institute of Technology Delhi (IIT-Delhi). The idea of energy self-sufficiency in rural areas is inspired by Mahatma Gandhi's vision of

"Gram Swaraj" that "Every village should be its own republic, independent of its neighbours for its own vital wants and yet interdependent for many others in which dependence is necessary". Gram Urja Swaraj aims to develop an area-based micro-level integrated system of Renewable Energy Technologies that would be able to meet the local energy requirements of villages, considering the constraints in supply, socio-economic factors and the requirements for different end-uses by tapping different locally available biomass resources.

Presentation on Carbon Neutrality - Village Energy Systems and Income Generation Opportunities was made by Prof. (Dr.) P. V. Aravind, Chair of Energy Conversion, University of Groningen and Negative Emission Program, TU Delft Climate Institute, The Netherlands. Presentation on PM-KUSUM was made by Shri Shobhit Srivastava, Scientist D, Ministry of New and Renewable Energy (MNRE). PM-KUSUM (Pradhan Mantri Kisan Urja

Suraksha evam Utthaan Mahabhiyan) Scheme is aimed at ensuring energy security for farmers in India, along with honouring India's commitment to increase the share of installed capacity of electric power from non-fossil-fuel sources to 40% by 2030 as part of Intended Nationally Determined Contributions (INDCs). Shri Shobhit Srivastava demonstrated the vision of the Ministry on 'New National Biogas and Organic Manure Programme' and other Schemes and initiatives for rural masses.

Presentation on Efforts in the field of Energy Efficiency and Energy Conservation in Rural Areas was made by Shri Abhay Bakre, Director General, Bureau of Energy Efficiency (BEE), Ministry of Power, Government of India. Presentation on "Ways and Means to Achieve Carbon Neutrality: Agri/Biological and Engineering Interventions" was made by Dr. P. V. Unnikrishnan, Member-Secretary, Kerala Development and Innovation Strategy Council, (K-DISC), Government of Kerala and Shri Girigan Gopi, M. S. Swaminathan Research Foundation, Wayanad, Kerala.

Presentation on Atmanirbhar Village through Sustainable Waste Management was made by Shri Gajanan Patil, Urja Bio System, Pune, Maharashtra. Presentation on "Solar Revolution: Continuous Illumination" was made by Smt. Zahera Naseem, Chief Executive Officer, Zilla Panchayat, Bidar, Karnataka. Presentation on "Carbon Neutrality Experiences of Meenangadi Gram Panchayat and Bathery Block Panchayat" was shared by Smt. Beena Vijayan, Former President, Meenangadi & Member, Sulthana Bathery Block Panchayath, Kerala.

Presentation on "Atmanirbhar Panchayat - A Case study on Odanthurai Panchayat under Coimbatore District in Tamil Nadu" was made by Smt. Madhura, Assistant Director Audit along with Shri G. Thangavel, President and Shri R. Shanmugam, Ex-President, Odanthurai Gram Panchayat.

In the second technical session on Atmanirbhar Panchayats as instruments of economic development in rural areas through Rural Technology and Entrepreneurship, presentations on the innovative ways of implementation of technologies in the rural part of the Nation were made by Smt. (Dr.) Ketaki Bapat, Senior Scientist, Office of Principal Scientific Adviser and Shri (Dr.) Sanket, Professor, IIT Mumbai. Shri (Dr.) B. K. Ray, Director, Ministry of Skill Development and Entrepreneurship made a presentation on the 'SANKALP' program which will give a direction in providing the right skill for the right section of the rural society. Shri Satish Sharma, Joint Director, Department of Panchayati Raj, Government of Himachal Pradesh, Smt. Suchitra Jana Pramanik, Gram Pradhan and Shri Suvra Kanti Jana, Secretary, Pratapadityanagar Gram Panchayat, South 24 Parganas District, West Bengal, Smt. Archana Bhojar, President of Kalamb Mahila Producer Company, Maharashtra, along with Smt. Prajakta Gedman from Navnirman Mahila Gram Sangh, Akhara village, Maharashtra, and representatives from Perinjnanam and Kanjikuzhy Gram Panchayats from Kerala made presentations and shared their models of economic development in rural areas through rural technology and entrepreneurship.

BRIDGING THE DIGITAL DIVIDE: FREE WI-FI INTERNET FACILITIES PROVIDED AT 543 STATIONS OVER SOUTHERN RAILWAY (SR) ZONE

Chennai, December 21 2021: Indian Railways has been in the forefront of implementing Digital Initiatives realizing the dream of Digital India and information technology-oriented passenger applications/amenities like National Train Enquiry System and the Passenger Reservation System have been revolutionizing the passenger travel experience. Now, Indian Railways is forging ahead with providing access to Internet Facility to the passengers through its Wi-Fi Network Connectivity/facility at Railway Stations.

In a major public friendly measure, 543 stations over Southern Railway Zone have been equipped with free high speed Wi-Fi Internet Connectivity so far making around 5087 Route Kms of Southern Railway covered with OFC (Optical Fibre Cable). Work of making this facility available at 100% Stations (except Halt stations) in Southern Railway has been completed.

The no. of users of this station Wi-Fi facilities is steadily increasing.

This project has been taken up as a mission of turning Railway Stations into hubs of digital inclusion.

The responsibility to implement this remarkable Digital India initiative has been entrusted to Railway Mini Ratna PSU "RAILTEL". Working tirelessly and continuously, RAILTEL is providing state of the art public Wi-Fi under the brand name of Railwire. RailTel has so far commissioned this facility at 6070+ stations across India.

Southern Railway from time to time keeps launching awareness campaigns for promoting this facility. Through Videos and Messages on Social Media, Regular Announcements, Hoarding and Banners at Stations, Southern Railway has been promoting the usage of Wi-Fi Facility by the Rail Users and Passengers.

This is one of the largest and fastest public Wi-Fi networks of the world. Indian Railways intend to provide Wi-Fi at all (except the halt ones) Railway stations and only few hundred stations are left to reach the mark where work is in progress.

Railway Stations are places where cross-section of the society converges. The quickening pace of modernisation and manifold increase in smart phone usage has triggered a 'Digital India'

revolution. Envisaged in 2015 Rail Budget, the project of providing free Wi-Fi Internet facility at stations aims to bring free Wi-Fi access to railway stations across India. This includes small stations located in remote villages as well.

Public visiting stations can use this facility for streaming High Definition (HD) Videos, download of movies, songs, games, and do their offices work online.

Students, especially UPSC, RRB, RRC & SSC aspirants from remote locations with limited access to internet, use the station Wi-Fi facilities for their preparations. Passengers are also using this facility for leveraging entertainments on their personal devices. Feedback from Passengers at Major Stations across Southern Railway at Dr. MGR Chennai central, Chennai Egmore, Tambaram, Salem, Coimbatore, Madurai, Tiruchchirappalli, Thiruvananthapuram and Ernakulam Jn indicate excellent connectivity, seamless data access and great facility for the passengers.

The Railwire Wi-Fi facility is very user friendly. To switch on the connection, passengers need to scan Wi-Fi

options and choose Railwire. Once the browser takes the user to the Railwire portal, it will ask for a mobile number to which a One Time Password (OTP) will be sent. Once connected, the Wi-Fi connection will last for 30 minutes. This helps the rail passengers to stay connected and updated with railway information.

The Wi-fi is free for the first 30 min of usage every day at 1 mbps speed. For using the Wi-Fi facility further at higher speed, the user needs to choose a plan with higher speed by paying a nominal fee. The plans vary from Rs. 10/day (for 5 GB @ 34 MBPS) to Rs. 75/30 day (for 60 GB @ 34 MBPS) excluding GST. A number of payment options like net banking, wallet, credit card can be used to purchase plan online.

These initiatives of Indian Railway and RailTel have paved the way for the common Indian Railway Traveller to reap the benefits of Digital Technology, truly ensuring that Digital India is happening where it really matters - On Stations of Indian Railways where the public can have free access to Technology through RailWire's Wi-fi

CCI APPROVES ACQUISITION OF SHAREHOLDING IN AIR INDIA LIMITED, AIR INDIA EXPRESS LIMITED AND AIR INDIA SATS AIRPORT SERVICES PRIVATE LIMITED BY TALACE PRIVATE LIMITED

Chennai, December 21 2021: The Competition Commission of India (CCI) approves acquisition of shareholding in Air India Limited, Air India Express Limited and Air India SATS Airport Services Private Limited by Talace Private Limited.

Talace is a wholly owned subsidiary of Tata Sons. Tata Sons is an investment holding company, which is registered as a core investment company with the Reserve Bank of

India (RBI) and classified as a "Systemically Important Non-Deposit Taking Core Investment Company".

Air India is wholly owned by the Government of India. Air India, along with AIXL, is primarily engaged in the business of providing domestic scheduled air passenger transport service, international scheduled air passenger transport service,

and air cargo transport services.

ISATS is engaged in the business of providing ground handling services at the following domestic airports i.e. Delhi, Bengaluru, Hyderabad, Mangalore and Thiruvananthapuram, as well as cargo handling services at Bengaluru airport.

Detailed order of the CCI will follow.

India's biggest drone show organised in Lucknow as part of Amrit Mahotsav series of events on First War of Independence of 1857

Chennai, December 21, 2021: India's biggest drone show was organised in Lucknow today evening as part of Amrit Mahotsav series of events on 1857. On the occasion, Union Minister of state for Culture and External Affairs Smt. Meenakshi Lekhi and Chief Minister of Uttar Pradesh Shri Yogi Adityanath along with officials of Central and State Governments were present.

organised.

Earlier yesterday, Uttar Pradesh's Principal Secretary (Tourism and Culture) Shri Mukesh Kumar Meshram said that under the joint aegis of the Ministry of Culture, Government of India and the Department of Tourism and Culture, Uttar Pradesh, on the occasion of 'Azadi Ka Amrit Mahotsav', the country's largest drone show is being

The big drone show took place today evening at the Residency, which witnessed the first revolution of 1857 in Lucknow. More than 500 drones took part in this show.

Secretary, Union Ministry of Culture, Shri Govind Mohan in a statement said "We have always tried to raise the bar with each event being curated under Amrit Mahotsav. These events not only help us reflect on our

glorious legacy but also help reach out to people especially the youth of today in ways that are in sync with their new ways of thinking." He also mentioned that so far since the start of Azadi Ka Amrit Mahotsav in March more than 13,000 programmes have been held making it one of the largest commemoration initiatives anywhere in the world.

All programs under AKAM are guided by a whole of government approach that brings together multiple stakeholders within and outside the Government, working towards a common goal. The initiatives are constantly supported by digital outreach, and planned with element of janbhagidari to make it a 'people's initiative'.

Important role of media in creating awareness and community engagement for providing tap water supply: Bharat Lal, AS & Mission Director, National Jal Jeevan Mission

Chennai, December 21, 2021: Highlighting the role of media, Shri Bharat Lal, Additional Secretary & Mission Director, National Jal Jeevan Mission said, "The media has a very important role in generating awareness about Jal Jeevan Mission and in engaging communities to own, operate and manage their in-village water supply system for ensuring regular and long-term clean tap water supply in rural homes." He was delivering keynote address in a national media interaction organized by UNICEF in New Delhi today.

Jeevan Mission, he said that all information about Jal Jeevan Mission is in public domain and the JJM dashboard can be accessed at <https://ejalshakti.gov.in/jjm-report/JJMIndia.aspx> Demonstrating use of deep technology, digital governance and sensor based IoT system through the JJM dashboard, he emphasised on how the lives of millions of rural households across India are being transformed by providing them clean tap water and removing age-old drudgery from the lives of women and children. Shri Bharat Lal said, "the focus under mission is to ensure clean tap water supply to all rural households as well as every school, AWCs, PHCs, CHCs, community centers, etc."

operation & maintenance of in-village water supply system. The mission mandates that half of the members of VWSC/ Pani Samiti are women, thus encourages women participation these discussions being the primary water managers in any household. The States are organizing intensive training and skilling programmes, especially on water quality surveillance to 5 persons mostly women in every village and local persons as masons, plumbers, electricians, motor mechanics, fitter and pump operators.

Nicolas Osbert, Chief, WASH, UNICEF India, invited media to participate actively in the JJM, seizing the opportunity of this outstanding investment on public health by providing clean tap water supply to every home and thus empowering communities, and promoting hygiene, cleanliness and environmental sustainability.

With Government's focus on water supply and improved sanitation, 15th Finance Commission allocated Rs. 26,940 Crore tied grants to RLBS/ PRIs in 2021-22 for supply of drinking water, rainwater harvesting and water recycling, and sanitation and maintenance of ODF status. There is assured fund of Rs. 1.42 lakh Crore for the next 5 years from 2021-22 to 2025-26. This will supplement the ongoing efforts under JJM. All out efforts are to be made for judicious use of this grant by rural local bodies by focusing on activities viz. rainwater harvesting, strengthening of drinking water sources, improving water supply, grey water management and regular operation & maintenance.

Over 80 national and state-level media representatives from print, online, radio and TV participated in 'Interaction with media on Jal Jeevan Mission' programme focussed on the vision, objectives, priorities and achievements of the mission in providing clean tap water supply to all rural homes. Shri Nicolas Osbert, Chief, WASH, UNICEF India and Ms. Zafrin Chowdhury, Chief, Communication, Advocacy and Partnership, UNICEF India were also present in the programme.

Announced by the Prime Minister Shri Narendra Modi on 15th August, 2019, Jal Jeevan Mission is implemented in a decentralized manner following the 'bottom-up' approach, wherein the local village community plays a key role starting from planning to implementation and from management to operation and maintenance. To achieve this, the State undertakes activities like strengthening the Village Water & Sanitation Committee (VWSC) or Pani Samiti and developing Village Action Plan (VAP) in the Gram Sabha wherein the community deliberates on water concerns affecting their daily lives. VAPs have the components of drinking water source strengthening/ augmentation, water supply infrastructure, grey water treatment & reuse, and

At the start of the mission in 2019, out of 19.20 Crore rural households in the country, only 3.23 Crore (17%) had tap water supply. Despite challenges faced due to COVID-19 pandemic and subsequent lockdowns, over 5.44 Crore (28.31%) households have been provided with tap water supply since the launch of the mission. Presently, 8.67 Crore (45.15%) rural households have been provided tap water supply. Goa, Telangana, Andaman & Nicobar Islands, Dadra & Nagar Haveli and Daman & Diu, Puducherry and Haryana have become 'Har Ghar Jal' i.e., tap water

supply have been provided to all rural households in these States/ UTs.

So far in 4.5 lakh villages VWSCs or Pani Samiti have been formed and Village Action Plan has been prepared for 3.37 lakh villages. More than 8.5 lakh women volunteers have been trained to test the quality of water by using Field Test Kits (FTKs). They collect samples and test its quality to ensure that the water supplied is as per the prescribed parameters. The test report of FTK is uploaded on JJM portal. Today, the country has more than 2,000 water testing laboratories which are open for public at a nominal cost to test quality of water.

Under Jal Jeevan Mission, priority is accorded to water-scarce areas, quality-affected villages, Aspirational districts, SC/ST majority villages and Saansad Adarsh Gram Yojana (SAGY) villages. The tap water supply to JE-AES affected districts has gone up from 8 lakh (3%) households to 1.19 Crore (39.38%) households and in aspirational districts it has gone from 24 lakh (7%) households to 1.28 Crore (38%) households.

To ensure safe tap water to children in schools, ashramshalas and anganwadi centres in the country, Prime Minister Shri Narendra Modi announced 100-days campaign, which was launched by the Union Minister Shri Gajendra Singh Shekhawat on 2nd October 2020. Tap water provided in learning centres is used by children and teachers for drinking, cooking mid-day meal, hand washing and in toilets. Till now 8.33 lakh (81.33%) schools and 8.76 lakh (78.48%) anganwadicentres have been provided tap water supply in their premises. All schools in States/ UTs of A&N Islands, Andhra Pradesh, D&NH and D&D, Goa, Gujarat, Haryana, Himachal Pradesh, Jammu & Kashmir, Karnataka, Kerala, Puducherry, Punjab, Sikkim, Tamil Nadu, Telangana and Uttarakhand have been provided with tap water supply.

Following the Prime Minister's vision of 'SabkaSaath, SabkaVikas, SabkaVishwas, SabkaPrayas', the motto of the mission is that 'no one is left out' and every rural household is provided with tap water connection. At present, every household in 83 districts and more than 1.28 lakh villages are receiving tap water supply.

Dr. C. Rangarajan delivered the inaugural "G. Ramachandran Endowment Lecture" on "Three Decades of the Economic Reforms in India"

Chennai, December 21, 2021: At an event hosted by Madras School of Economics (MSE) today Dr. C. Rangarajan, Chairman, MSE and Former Chairman, Prime Minister's Economic Council delivered the inaugural endowment lecture on "Three Decades of the Economic Reforms in India". This was meant to be a tribute to Mr. G. Ramachandran, the

began his career as a lecturer in the Loyola College Madras, before joining IAS, the family felt it was a privilege and honour when Madras School of Economics agreed to host an annual endowment lecture.

Recalling his tenure as governor of RBI, Dr. Rangarajan said, Mr. G. Ramachandran was serving as a Board Member of RBI and his

Speaking on the key lessons on economic reforms, he said, "Reforms do not lead to automatically to higher growth. It creates conditions and environment for higher to happen. Investment rate of the country must be nurtured carefully and watchfully along with reforms. Continuity of the agenda of reforms with critical review of each sector of the economy and the holistic approach of Centre and State to introduce reforms will to accelerate the growth."

youngest officer to become Finance Secretary, Tamil Nadu (1965) - a 1949 batch IAS Officer who worked for former Chief Minister of Rajaji, Kamaraj, Bakthavatsalam and Annadurai, with distinction. The event will be held on December 20, 2021 at the Madras School of Economics in Taramani, Chennai.

Given Mr. G. Ramachandran's passion for academia since he

immense contribution and gave a detailed journey of various measures over 30 years, he spoke about the important and landmark reform happened in 1991. Highlighting how the reforms helped to push the growth rate from 3.5% to 6.2%, he narrated how the success story of liberalization to maintain the balance of payment in the country and accommodate the principles of equity.

admired for his sincerity and integrity. He urged everyone who has joined and part of the Administration to read his book "Walking with the Giants" as it will serve as ready-reckoner. He recalled how as a deep thinker of economic policy, he played a critical role in nationalization of commercial banks.

Mr. Ramachandran's son Mr. R Ganapathi, who is the Chairman of Trigyn Technologies Limited - a leading IT company handed over the Endowment Cheque and the toppers of PGDM Programme were presented with the G. Ramachandran Gold Medal Award.

Earlier seven lectures were conducted under the auspices of the Southern India Chamber of Commerce and Industry.

Union Minister Dr. Jitendra Singh inaugurates Good Governance Week (20-25 December, 2021) to showcase and replicate the best governance practices at Grassroots level

Chennai, December 21, 2021: Union Minister of State (Independent Charge) Science & Technology; Minister of State (Independent Charge) Earth Sciences; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh today inaugurated the Good Governance Week campaign "Prashasan Gaon Ki Aur" aimed at showcasing and replicating the best governance practices to grassroots level. He said, The "Prashasan Gaon Ki Aur" campaign will create a national movement for good governance and motivate the stakeholders both in the government as well as outside the government.

Dr Jitendra Singh said, as a part of Azaadi ka Amrut Mahotsav celebrations in the 75th Year of India's Independence, a Good Governance Week is being celebrated from December 20-25, 2021 with Department of Administrative Reforms and Public Grievances as the Nodal Department. He said, through "Prashasan Gaon Ki Aur" - a Nation-wide campaign for Redressal of Public Grievances and Improving Service Delivery will be held in all Districts, States, and Union Territories of India.

Sanjay Singh, Union Secretary, ARPG, P.K.Tripathi, Union Secretary DoPT, Pankaj Kumar, Chief Secretary, Gujarat, Arun Kumar Mehta, Chief Secretary, Jammu & Kashmir, V. Srinivas, Special Secretary, DAR & PG, Devesh Chaturvedi, Additional Chief Secretary, Govt. of Uttar Pradesh, NBS Rajput, Joint Secretary, DAR & PG and Central and State Grievance Nodal officers, District Collectors/ Magistrates and Officials of Department of Administrative Reforms and Public Grievances and all delegates joined the launch event.

Dr Jitendra Singh called upon the delegates to be the vehicles of transformation and underlined that Good practices become best practices when they get

shared, and some of them can even excel in execution and set even higher standards. He said, the main aim is to provide governance which is corruption free, transparent and in adherence to established rules and procedures. This alone will make the march to New India successful, he added.

Dr Jitendra Singh said that Prime Minister Narendra Modi has brought a paradigm shift with the "Minimum Government- Maximum Governance" approach where in which the citizens' interaction with the functionaries of the Government was sought to be reduced through digitalization, consolidation of Ministries, policy making functions separated from execution, coordinated implementation monitored at highest levels, well-defined accountability and a proper delegation being ensured.

The Minister said that in the course of the last seven years, the Government has made it clear that all its policies are designed keeping the poorest-of-the-poor as the principal beneficiary. Till some years back opening a Bank account for a poor man used

to be a tedious process, but now Bank Mitras come to their homes and help them open a zero-balance account, he added.

During the event, Dr Jitendra Singh inaugurated the Exhibition on Good Governance Practices - "Shaasan Ki Badalti Tasveer". He also launched the Good Governance Week Portal and released the booklet on 2 year achievements of DARPG. A film on "Prashasan Gaon Ki Aur" was screened on this occasion.

During the year 2020-21, 12 State portals have been integrated with CPGRAMS while 15 State/UTs are using CPGRAMS for Redressal of Public Grievances. As a pioneer of district level integration with CPGRAMS, the JK-IGRAMS integrates the grievances from the Centralized Public Grievance Redress and Monitoring System (CPGRAMS) at the top with the last mile district level offices in the UT of Jammu & Kashmir at the bottom. Now the Offices at District level have been linked and mapping up to Tehsil level and Block level has been done. 260 Departments / Offices and 1724 District level Offices have been linked in the grievance redressal system of the UT. One Nation One Portal is the goal and towards this end Integration of Centralized Public Grievances Redress and Monitoring System (CPGRAMS) with State Grievances portals.

Sharp introduces a new AIoT enabled Air purifier in India

Chennai, December 21, 2021: Sharp Business Systems, a wholly-owned subsidiary of Sharp Corporation Japan, today announced the launch of FX-J80 air purifier - a new advanced AIoT air purifier equipped with Sharp's revolutionary Plasmacluster Technology that removes dust, airborne mold, microbes, and viruses to provide a natural and fresh air inside homes. It is a true heavyweight performer with a coverage spread of 680 sqft - making it an appropriate choice for various homes and commercial shops.

Speaking on the launch, Mr. Shinji Minatogawa, Managing Director, Sharp Business Systems (India) Private Limited, said, "Sharp is committed to improving people's lives with innovative solutions. We recognize that the quality of the air we breathe today can have a severe health impact with a wide variety of invisible contaminants, such as viruses, pollen, and haze hidden in the air. FX-J80 provides you with the most natural, clean, and fresh air to keep your home a comfortable and safe place to breathe for you and your family. Besides, Sharp FX-J80 will also impress you with its

advanced AIoT features, superior build quality, premium electrical safety, and super high airflow with low noise".

Sharp FX-J80 comes with three-step filtration involving high-performance HEPA filters that can trap 99.97% of microscopic particles (as small as 0.3 microns) in the air and effectively remove the common household odors. FX-J80 also offers advanced features, including home fit, a unique visualization of air quality inside the room to add to the convenience.

The FX-J80 air purifier can be monitored and controlled with the "SHARP AIR APP" available on Apple Store and Playstore, providing additional convenience of controlling the Air Purifier via smartphone, anywhere and anytime. In addition to the regular functions, it can also help monitor electricity consumption, room conditions, appliances operation, and notifications if the appliances encounter errors. In addition, it also offers a touch panel, auto on/off timers, and child lock for ease of operations.

With inbuilt Wi-Fi connectivity features, FX-J80 considers outdoor conditions to determine

optimal operation mode, predict the useful life span of the filter, and recommend timely cleaning or replacement of the filter to maintain the best result. The user can choose 2 special modes. i.e., Haze mode and Plasmacluster Ion Spot Mode.

In Haze mode, the air purifier will operate at high fan speed for 60 minutes and alternate between low and high levels for 20 minutes each after that. A high density of Plasmacluster™ ions is dispersed into the entire room, reducing static electricity, making it easy to capture haze particles, and improving indoor air quality with quieter operation.

The Spot Mode function effectively removes adhering odor, germs, and other substances from clothes, sofa, curtains, and other spots that may require extra attention. Its unique 20° airflow helps to effectively collect dust in the lower levels of the room, ensuring natural, clean and pure air in any room.

Sharp's Plasmacluster technology is proven to eliminate harmful viruses, bacteria, mould and other airborne allergens, leaving

the indoor air cleaner and healthier. The technology is the first in the world as home appliance company that demonstrates effectiveness in reducing airborne Coronavirus (SARS-Cov2) and the variant contained in adherent saliva*. Plasmacluster technology generates and emits the same positive and negative ions in nature. After purifying the air, the ions turn to water and return to the atmosphere. Sharp has recently crossed the 100 million mark for product units with Plasmacluster ion technology, sold worldwide.

The FX-J80 air purifier is priced at INR 38,000 (MRP) and will be available on Amazon starting today.

World's first LAR procedure for Rectal cancer using Medtronic Hugo™ Robotic-Assisted Surgery System performed at Apollo Hospitals, Chennai

Chennai, December 21, 2021: The Apollo Hospitals Group today announced the successful completion of the world's first LAR procedure for rectal cancer and the first GI (gastrointestinal) surgery in the Asia-Pacific region with the Medtronic Hugo™ robotic-assisted surgery (RAS) system. This milestone in robotic GI surgery was achieved at Apollo Hospitals, Chennai on December 15 by Dr. Venkatesh Munikrishnan, Consultant Colorectal & Robotic Surgeon, Institute of Colorectal Surgery, Apollo Hospitals. The low anterior resection procedure, performed to remove the affected portion of the rectum, was successfully carried out using

Hugo™ RAS system on a 60-year-old male who was operated on for Rectal cancer. The patient had a successful postoperative recovery.

This GI surgery using the Hugo™ RAS system builds on the success of the first clinical use in the Asia-Pacific region to perform a robotic prostatectomy in September of this year, also at Apollo Hospitals, Chennai.

Dr. Venkatesh Munikrishnan, Consultant Colorectal & Robotic Surgeon, The Apollo Institute of Colorectal Surgery, Apollo Hospitals, said, "It is indeed a proud moment to have successfully performed the very first LAR procedure for rectal cancer in the world with the Hugo™ system.

This milestone surgery will open up new opportunities for further use of the Hugo™ system in clinical settings. This will expand the slate of offerings for patients who come to Apollo Hospitals and I look forward to continue to use this robotic system to bring benefits of minimally invasive surgery to more patients."

The Hugo™ RAS system at Apollo Hospitals will give more patients access to the benefits of minimally invasive surgery with fewer complications, smaller scars, shorter hospital stays, and a faster return to normal activities.

Dr. Preetha Reddy, Executive Vice Chairperson, Apollo Hospitals Group said, "Being one of the first

hospitals in the world to use the Medtronic Hugo™ RAS system is testament to the pioneering efforts of Apollo Hospitals in bringing the latest and best of medical technology to the people of India. Using this for the first LAR procedure for rectal cancer in the world and the first GI surgery in the Asia-Pacific region underlines not only our dedication to minimally invasive surgery but also recognizes the expertise of our world-class surgeons. With the new Hugo™ system, we have strengthened and expanded our robotic surgery program allowing us to offer many more patients the advantages of minimally invasive robotic surgery by bringing down cost and accessibility barriers."

PM appreciates Bajrang Punia for creating awareness regarding sports and nutrition among children

Chennai, December 21, 2021: "This will not only be an interesting program for the children, but it will also motivate them to pursue sports as

well as life. @BajrangPunia ji your effort will create a new awareness among them about nutrition as well."

Luminous strengthens Tamil Thalaivas as an Official Sponsor at Pro Kabaddi League 2021~ Vivo Pro Kabaddi League Season 8 is set to begin from 22nd December 2021

Chennai, December 21, 2021: Luminous Power Technologies, a leader in power backup and home electricals in India, announced its official sponsorship with Tamil Thalaivas for the upcoming season of the Pro Kabaddi League. As a part of this partnership, Tamil Thalaivas will now sport the Luminous brand logo on their jerseys. In addition, the brand will get visibility through the official website and respective social media platforms, besides creating a stronger association with the sport and the team.

Ms. Ruchika Gupta, Chief Marketing Officer, Luminous Power Technologies, said, "South is an important market for Luminous. We have been through a remarkable journey here and with current growth of almost

50 percent, we are placed to achieve the INR 1000 Cr (revenue) mark by 2023. We are also focusing on further expanding our trade partners' network in the region and building our Logistics Centre in Hosur, which will help us in improving deliveries' timeline. Our association with Tamil Thalaivas is a strategic move to further deepen our roots across south India. We believe that Tamil Thalaivas embodies our enthusiasm,

and we are looking forward to a fantastic season ahead."

Commenting on this partnership, Nikhil Bhardwaj, Director, Tamil Thalaivas "We're excited to partner with Luminous Power Technologies. The brand has established a significant foothold in the power solutions sector over the decades, proving optimum performance, durability, and quality. These attributes are in line

with our team's ethos and spirit. We are looking forward to a fruitful partnership with the brand and a successful season ahead."

Vivo Pro Kabaddi is a ground-breaking initiative by Mashal Sports Pvt. Ltd. and Star India Pvt. Ltd. Since its inception in 2014, the League has revolutionized kabaddi's sport with incredible innovations, making it an aspirational sport for players and fans alike. Backed by the Amateur Kabaddi Federation of India (AKFI) and supported by participating members of the International Kabaddi Federation (IKF) and the Asian Kabaddi Federation (AKF), the League has witnessed tremendous growth over the past seasons.

Sanjay Leela Bhansali and Pen Studios to present Gangubai Kathiawadi to the world at the 72nd Berlin International Film festival!

Chennai, December 21, 2021: Sanjay Leela Bhansali's much-anticipated film 'Gangubai Kathiawadi' starring Alia Bhatt and Ajay Devgn, has been selected to be screened at the 72nd Berlin International Film Festival in February and will have its world premiere at the festival.

Gangubai Kathiawadi has been chosen to be screened as part of Berlinale Special, a segment of the film festival which is dedicated to showcase exemplary cinema. This year's selections are films that have been shot during the pandemic.

As Sanjay Leela Bhansali celebrates 25 years in the world of cinema, his 10th film

'Gangubai Kathiawadi' indeed has been special for him.

Sanjay Leela Bhansali says, "The story of Gangubai Kathiawadi has been very close to my heart and me and my team have given it all to make this dream possible. We take pride and honour in showcasing our film at the prestigious Berlin International Film Festival."

Producer Jayantilal

Gada of Pen Studios shares his thoughts on the film selection. He says, "I believe in Mr. Bhansali and his craft. It gives me great joy that our film will be presented at the Berlin International Film Festival and I am proud to associate with Mr. Bhansali. Alia has given a great performance and I am thankful to Ajay Devgn too for being a part of this project. It's a story that will engage and appeal to global audiences."

Artistic Director Carlo Chatrion of Berlin International Film Festival says, "We are happy to premiere GANGUBAI KATHIAWADI and continue the tradition of the Berlin Film Festival being a special setting for Indian movies. This time with a film that joins the usual craft in shaping camera movement and the choreography of bodies with a subject that is socially relevant, not only in India. From the very beginning we were taken by the story of Gangubai, an exceptional woman dragged into exceptional circumstances."

Produced by Sanjay Leela Bhansali and Dr. Jayantilal Gada (Pen Studios), the film is all set to release theatrically on 18th February, 2022.

MANISHA YADHAV GETS ONBOARD AS PRAJAN'S PAIR IN DIRECTOR AADHI RAJA'S "NINAIVELLAM NEEYADA"

Chennai, December 21, 2021: The musical empyrean - Maestro Isaignani Ilayaraja's 1417th movie 'Ninaivellam Neeyada' is produced by Royal Babu for the banner of Lekha Theaters. Filmmaker Aadhi Rajan, (Silandhi, Ranathanthra, and Aruva Sanda fame) is wielding the megaphone for this movie apart from penning the story, screenplay, and dialogues. Prajan is playing the protagonist's character in this film and Vazhaku En 18/9, Aadhalal Kadhal Seiveer, Trisha illana Nayanthara; Sandi Muni & Oru Kuppa Kathai fame Manisha Yadhav performs the female lead character. While Sinamika plays the other heroine's role, the star-cast comprises Mass-Master fame Rohit and Appa Amma Kanakku, Aaruthra, Vinohaya Sitham fame Yuvashree as well. Manobala, Muthuraman, Madhumitha, producer P.L. Thenappan, Director Jayaprakash, Ranjan Kumar, Tamizh Selvi Aishwarya, and a few more prominent actors are a part of this star-cast. The movies that have celebrated the

poetic and innocuous first love during the school teen days like Azhagi, Autograph, Kadhal, Pallikoodam, and 96 have always found the red carpets spread out from audiences. Significantly, this film 'Ninaivellam Neeyada' will join this club for its beautiful essence of love that involves happiness and sacrifices. Raja Bhattacharjee (Pyaar Prema Kadhal, Kazhugu 2, Common Man, Idiot fame) is handling cinematography, Prabhakar (Editing), Muni Krishna (Art), Pradeep Dinesh (Stunts), and Brindha-Dinesh-Dheena (Choreography) are the

other technicians in this film. The entire crew has completed 40% shooting in and around the locales of Chennai and is currently proceeding with the new schedule. Actress Manisha Yadhav says, "Audiences have been kind enough in showering their appreciations for my performances in movies like Vazhaku En 18/9, and Oru Kuppa Kathai. And now, I am elated to have a film like Ninaivellam Neeyada that has offered me a great scope to perform and reinvent my potentials as an actress. When Aadhi Rajan narrated the script, I instantly got connected with it. My

character has several shades within, and it precisely instilled in me, a big hope that I can establish my best performance with this role. This is the first-ever time, I am getting an opportunity to play such a substantial and intense character. Moreover, every actor desires to be a part of the film that has a musical score by Isaignani Ilayaraja sir, and I feel blessed to have this dream come true for me with Ninaivellam Neeyada. I strongly believe that the ones, who have fallen in love will celebrate this movie for it will leave a deep impact on them."

சென்னை, டிசம்பர் 21 2021: சமுத்திரக்கனி கதை நாயகனாக நடித்திருக்கும் ரைட்டர் படத்தை பா.இரஞ்சித்தம் உதவி இயக்குநராக பணியாற்றிய பிராங்க்லின் ஜேக்கப் இயக்கியுள்ளார். இந்த படம் வருகின்ற டிசம்பர் 24 ஆம் தேதி திரைக்கு வருகிறது.

இந்த படத்தின் பத்திரிகையாளர்கள் சந்திப்பு இன்று சென்னையில் நடைபெற்றது. நிழ்ச்சியில் இயக்குநர் பிராங்க்லின், சமுத்திரக்கனி, இனியா, மகேஷ்வரி, லிசி ஆண்டனி, ஹரி, பாபு, சுப்பிரமணியம் சிவா, கவிதாபாரதி, ஜி எம் சுந்தர். இசையமைப்பாளர் கோவிந்த வசந்தா, ஒளிப்பதிவாளர் பிரதிபா, கலை இயக்குநர் ராஜா, எடிட்டர் மணி, ரைட்டர் சந்திராஷ், கவிஞர் முத்துவேல், மற்றும் தயாரிப்பாளர் பா.இரஞ்சித், அதிதி ஆனந்த், அஸ்வினி சவுத்ரி, யு எம் ராஜ் உள்ளிட்டோர் கலந்துகொண்டனர்.

பா.இரஞ்சித் பேசியவை, தயாரிப்பாளர் அத்தி என் ரசிகையாக என்னை சந்தித்தார்..காலா படத்தை முதல்நாளில் இரண்டுமுறை பார்த்துள்ளார். பிறகு ரைட்டர் படத்தை பற்றி பேசி இப்படத்தை தயாரிக்க முன் வந்தோம். முதலில் அவர் நான் இயக்கும் படத்தை தயாரிக்க வேண்டும் என நினைத்தார். ஆனால் எனக்கு வேறு பட வேலைகள் இருந்ததால் அது முடியவில்லை. அந்த மூன்று பட வேலைகள் இருந்ததால் அது முடியவில்லை. அதிதி ஆனந்த், அஸ்வினி சவுத்ரி, யு எம் ராஜ் உள்ளிட்டோர் கலந்துகொண்டனர்.

“எனது நீலம் தயாரிப்பு நிறுவனத்தில் தயாரிக்கும் படங்கள் மக்களுக்கு சரியான படங்களாக இருக்கும்” பா.இரஞ்சித்!

சென்னை, டிசம்பர் 21 2021: சமுத்திரக்கனி கதை நாயகனாக நடித்திருக்கும் ரைட்டர் படத்தை பா.இரஞ்சித்தம் உதவி இயக்குநராக பணியாற்றிய பிராங்க்லின் ஜேக்கப் இயக்கியுள்ளார். இந்த படம் வருகின்ற டிசம்பர் 24 ஆம் தேதி திரைக்கு வருகிறது.

எனது நிறுவனத்தின் முதல் படம். நான் அனைவருக்கும் நன்றி சொல்ல விரும்புகிறேன். முதல் நன்றி பா.இரஞ்சித் அவர்களுக்கு தெரிவித்துக் கொள்கிறேன். அனைத்து அடிப்படை முறைகளையும் ரஞ்சித் அவர்களிடமிருந்து கற்றுக் கொண்டுள்ளேன். இப்படத்தில் அவரது நடிப்பு வித்தியாசமாக இருக்கும்.

வெற்றி அடையும் வாழ்த்துக்கள்.

இயக்குநர் பிராங்க்லின் பேசியவை.

இது எனக்கு முதல் மேடை. நான் அனைவருக்கும் நன்றி சொல்ல விரும்புகிறேன். முதல் நன்றி பா.இரஞ்சித் அவர்களுக்கு தெரிவித்துக் கொள்கிறேன். அனைத்து அடிப்படை முறைகளையும் ரஞ்சித் அவர்களிடமிருந்து கற்றுக் கொண்டுள்ளேன். இப்படத்தில் அவரது நடிப்பு வித்தியாசமாக இருக்கும்.

என நினைத்தேன். ரைட்டர் படத்தை தயாரிக்க நான் முன் வந்த காரணம் இப்படத்தின் கதை தமிழ் சினிமா வில் சொல்லப்படாத கதையாகவும், மனதுக்கு நெருக்கமாகவும் இருந்ததே தான். இப்படம் சிறப்பாக இருக்கும் என கதை படிக்கும்போதே எனக்கு தெரிய வந்தது. இப்படம் பற்றி படிப்பதில் இப்படம் டெக்னிக்கலாகவும் படம் அருமையாக வரும் என நினைத்தேன். இசையமைப்பாளர் கோவிந்த வசந்தா இசை எனக்கு மிகவும் பிடிக்கும்.

இப்படத்திலும் அவரது பின்னணி இசை சிறப்பாக வந்துள்ளது. இப்படத்தின் கதையைக் கேட்டவுடன் சமுத்திரக்கனி அனைவரை சந்திக்கலாம் என்று கூறினேன். நான் எதுவும் சொல்லாமலேயே கதையை படித்திட்டு கதை குப்பர். கண்டிப்பாக பண்ணலாம் என சமுத்திரக்கனி தெரிவித்தார். கண்டிப்பாக தங்கராஜ் ஆக வாழ்ந்துள்ளார் என்று சொல்லவேண்டும். மற்ற படங்களை ஒப்பிட்டு அனைவருக்கும் எனது இனமார்த்த நன்றி. இப்படத்தில் என்னுடன் பணிபுரிந்த தொழிலுட்பப கலைஞர்கள், நடிகர் நடிக்கக் கண்டால் அப்படி ரசிப்பேன். நடிக்கக் கண்டால் அனைவருக்கும் எனது நன்றி. உழைக்கும் சமுத்திரக்கனி அவர்கள் தான். அவர்கள் தான். காலையில் குட்டி நேரமாவே இப்படம் சென்று விடுவேன். பிராங்க்லின், கோமாமேன் பிரதிப வேலைப்பாடுகளை கூர்ந்து கவனிப்பேன். ரைட்டர் படம் அருமையான ஒரு குழு சேர்ந்து உழைத்த படம். ஒரு கூட்டு முயற்சி ஒரு கூட்டு படைப்பை இந்த படத்தில் நான் பார்த்தேன். கலைஞர்களும் முழு ஈடுபாட்டுடன் ஒரு நல்ல படத்தை உருவாக்க உதவி செய்துள்ளனர். அனைவருக்கும் எனது நன்றியை தெரிவித்துக் கொள்கிறேன்.

டென்பின் பந்துவீச்சு போட்டியில் முதல் பரிசை வென்ற ஹப்பீரர் ரஹ்மான்
