## The 2nd meeting of G20 Finance Ministers and Central Bank Governors (FMCBG) began in Washington D.C

Chennai, April 16 2023: Union Finance Minister Nirmala Sitharaman hosted the 2nd meeting of G20 Finance Ministers and Central Bank Governors (FMCBG) in Washington D.C. U.S. The meeting is scheduled from 12th April to 13th April. The meeting has three sessions, to discuss the global economy and international financial architecture, sustainable finance, financial sector and financial inclusion, and international taxation. The meeting was chaired by Finance Minister Nirmala Sitharaman and RBI Governor Shaktikanta Das. During the meeting, the Finance Minister discussed issues and areas of mutual interest and cooperation under India's G20 presidency with their respective counterparts from G20 countries and heads of other delegations including major international organizations. The meeting saw deliberations on key issues such as food and

energy insecurity, managing global debt vulnerabilities, strengthening multilateral development banks (MDBs), mobilizing finance for climate action, advancing the financial inclusion process, and accelerating international tax and financial progress. Around 350 delegates from 13 invited countries and various international and regional organizations participated in the meeting apart from the G20 member states.

During the meeting, Finance Minister discussed issues of mutual interest and cooperation under India's G20 Presidency with the heads of

delegations. She also participated in a roundtable discussion on "Investing in India Decade" organized by the Federation of Indian Chambers of Commerce and Industry (FICCI) and the US-India Strategic Partnership Forum (USISP) where she talked about the transformation of the Indian economy and the opportunities for companies in detail. She underlined the reality of global acceptance of 'New India' during the round table conference. She also discussed the global debt crisis and strengthening multilateral development banks, an Indian initiative under India's G-20 presidency. The Finance Minister also highlighted that

India is adopting technology and digitization tools at twice the rate of adoption by people around the world, making their lives effectively easier. Further, The Finance Minister also took part in the meetings of the World Bank Group (WBG) and the International Monetary Fund (IMF) Spring Meetings 2023 held in Washington.

Finance Minister Nirmala Sitharaman was received by Indian Ambassador to the US Taranjit Singh Sandhu on her arrival in Washington DC. Earlier, Nirmala Sitharaman reached JFK International Airport in New York. Where she was received by Consul General of India Randhir Jaiswal. The first meeting of the G20 Finance Ministers and Central Bank Governors (FMCBG) was held in Bengaluru. While the third G20 FMCBG meeting will be held in Gandhinagar.

## CORE (Central Organisation for Railway Electrification) CREATES HISTORY - ELECTRIFIES 4767 RKM OF BG NETWORK IN FINANCIAL YEAR 2022-23

Chennai, April 16 2023: CORE ended the financial year 2022-23 on a high note with an unbeatable record of highest ever electrification of 4767 RKM (Route Kilometre).

Government of India has set a target to electrify the entire BG route by December 2023, taking into consideration inherent advantages of electric traction. CORE under the guidance of its General Manager, Shri Pramod Kumar scaled new heights by electrifying 4767 RKM in financial year 2022-23 surpassing its previous record of 4283 RKM in financial year 2021-22. To achieve this national mission, Central Organisation for Railway Electrification (CORE) is playing a pivotal role and working as a dedicated team, towards making the nation self-reliant by developing a safe, energy efficient, eco-friendly and economical rail transport system through its nine project units.

Other Public Sector Organisations and Zonal Railways are also involved in Railway Electrification. However, CORE has done the lion's share of commissioning which is approximately 74% of overall electrification works carried out in the financial year 2022-23.

Secunderabad unit of CORE contributed 1050 RKM which is the highest ever electrification in the history of any project unit. This was followed by Bangalore unit which commissioned 713 RKM followed by Ahmedabad unit with 669 RKM. Jaipur contributed 670 RKM, New Jalpaigudi commissioned 580 RKM, Ambala commissioned 453 RKM, Chennai did 406 RKM, Lucknow contributed 194 RKM and Kolkata commissioned 31 RKM during the financial year 2022-23.

Apart from electrification of sections under the jurisdiction of various railways and in various States, CORE has been relentlessly targeting the commissioning of Traction Substations for strengthening the power

supply system and ensuring smooth and safe train operations. In the financial year 2022-23, a total of 61 Traction Substations (TSS) have been commissioned by CORE which a significant jump of 80% compared to last financial year. Project units Secunderabad tops the list with 12 TSS. In other project units Bangalore commissioned 6 TSS, Ahmedabad commissioned 4 TSS, Jaipur commissioned 10 TSS, Ambala commissioned 6 TSS, Chennai commissioned 5 TSS, Lucknow commissioned 6 TSS, New Jalpaigudi commissioned 1 TSS and Kolkata commissioned 11 TSS.

In the month of March alone, a total of 21 Traction Sub-Stations were commissioned in different railways which is a record for TSS commissioning on a monthly basis. Earlier, 11 Sub-Stations were commissioned in the month of January 2023. This shows the importance CORE has attached to commissioning of Sub-Stations for smooth train operations.

Similarly, in this financial year a total of 50 Tower Wagon Sheds have been commissioned which is a quantum jump of 212% compared to the last financial year. Tower Wagon sheds are an indispensable part of traction maintenance works and CORE is taking all out efforts to commission the balance tower wagon sheds at the earliest.

In the financial year 2022-23, CORE has electrified many important sections, which will not only increase the sectional capacity and operational speed but also provide impetus to the socio-economic

development of the adjoining regions.

An important electrified route from Prayagraj to Bhopal has been achieved with the electrification of Ishanagar-Udaipura section (75 RKM) apart from North Central Railway becoming 100% electrified. With the electrification of the Sikar-Churu section (87 RKM), entire Shekhawati region, which is a major business and tourism hub, is now directly connection to Delhi on electric traction.

With the electrification of Shohratgarh-Pachpherwa-Subhagpur section (118 RKM) the entire alternative stretch from Gonda via Balrampur-Anand Nagar to Gorakhpur has been fully electrified. At the same time entire State of Uttar Pradesh as well as NER have been fully electrified.

With the electrification of Pangri-Latur Road section (129 RKM), the entire stretch from Pune to Secunderabad via Kurduwadi, Latur Road and Vikarabad has been fully electrified. This will provide an alternative route to Pune-Wadi-Secunderabad section along with Central Railway being fully electrified.

The entire main line connecting Bengaluru and Hubballi has been fully electrified resulting in seamless end to end connectivity for running of Vande Bharat express with the electrification of Nittur-Arsikere-Birur-Hosdurga & Chikjajur-Davarguda-Karajagi-Hubballi sections (244 RKM). Trains from New Delhi to Bikaner can now run on fully electrified route with the electrification of Benisar-Napasar-

Bikaner section (61 RKM). Meghalaya has been connected with the rest of India on electrified route with the electrification of Dudhnoi-Mendipathar (20 RKM) route which is a major achievement.

Other important sections which were electrified include Hole Alur-Badami-Guledagudda (41 RKM), Bangarpet-Kolar-Chikkaballapur-Yelahanka (103 RKM), Dindigul-Palani (56 RKM), Karaikkudi-Manamadurai (61 RKM), Tiruchendur-Tirunelveli-Tenkasi (133 RKM), Virudhunagar-Tenkasi-Sengottai-Bhagwatipuram (136 RKM), Parbhani-Parli-Vajnath (62 RKM), Kalkiri-Thummanamgutta (50 RKM), Purnea-Jogbani (79 RKM), Chheharta-Atari (18 RKM), Samakhiali-Bachau, Bachua-Adipur via Gandhidham upto New Bhuj (115 RKM), Sihor-Bhavnagar Terminus (21 RKM) and Wankaner-Maliyamiyana (97 RKM).

General Manager Shri Pramod Kumar while addressing officers and staff at CORE/HQ said that this outstanding achievement is a result of tireless efforts, immaculate planning and precise coordination with the Zonal Railways. This shows the inherent strength of the Railway system in general and CORE in particular which is willing to accept challenges and deliver results. He congratulated the entire team CORE on such a stupendous feat and expressed happiness that CORE has played a leading role in electrification works will take Indian Railway to newer heights.

## The judgement is out: Swiggy's "Match Day Mania" offers are simply irresistible

Chennai, April 16 2023: Attuned to the country's undying love for food and cricket, Swiggy, India's leading on-demand convenience delivery platform is back with two witty television commercials (TVCs) to communicate the special offers and discounts under its "Match Day Mania" campaign for the ongoing cricket season. This multi-platform campaign underlines the brand's commitment to offering unparalleled convenience through quick deliveries of food on match days.

Swiggy order" the judge reminds him. She then proceeds to offer him a "Pizza" to which he responds, "No objection your honour."

Swiggy has a penchant for coming up with witty ads with a hilarious take on real-life situations. After successfully integrating cricket commentary in their ads in the previous years, the latest TVCs, with their tongue-in-cheek courtroom humour, reel the viewers into the storytelling and clearly communicate the campaign's proposition. The 25-second ads will run in Hindi, Marathi, Bengali, Tamil, Malayalam, Kannada, and Telugu.

Commenting on the new campaign Sneha John, Director, Brand Marketing at Swiggy, said, "For viewers, ordering their favourite food to go with the cricketing action has become an important part of the match-viewing experience. For years now, Swiggy has been enhancing this further with discounts and special offers. People watch cricket to have a good time, and it is important that our ads speak to them in a light-hearted, fun way that has

characteristic of Swiggy."

Deepan Ramachandran Founder and Creative Director, Mind Your Language! said "The only numbers that interest people during match hours are the scores. So, to communicate an exciting discount offer, it must be in a disruptive setup. While the ads show an everyday courtroom coming alive with the mention of the offer, we believe that every household will also sit up and take notice of it."

Pandiyaraj, Creative Director of Mind Your Language! adds "Be it any serious situation, food makes it immediately lighter. And when you add an exciting offer like Swiggy Match Day Mania to mix, the fun is even more."

Recently the platform was in the news when a post showing an elevator full of Swiggy delivery partners during a Mumbai Indians Vs Royal Challengers Bangalore match went viral on social media. The user had shared the picture with the caption "No. of Swiggy guys in a building is directly proportional to how interesting the match is."

With the cricket

season underway, Swiggy's Match Day Mania is back with offers valid from March 31 to May 28. Customers can avail of great deals during match hours across Swiggy's food delivery services.

Swiggy has also launched the "Pick your Team" campaign, a limited period offer that began on March 25 and got over half a million registrations in the first week of its launch. Once users choose their respective team, they receive reminders on the app on the days their team is playing so that they may pair those games with great offers. The maximum number of users have chosen Chennai as their favourite team so far, followed by Bangalore and Mumbai.

"Match Day Mania" has over 40,000 partner restaurants to satisfy the food cravings of fans during the cricket season. With Swiggy Dineout, users can watch live screenings of matches and cheer their favourite teams while dining at the top restaurants in their city—all this while saving up to 40 per cent on their food bill. Team pickers additionally get coupons worth Rs 200 on food bills of Rs 2000 and above. On Instamart, "Match Day Mania" offers discounts of up to 50 per cent on selected collections during match hours. Those who pick a team get an additional 10 per cent off on the days their team plays.

## AM Jain College winning the first prize for Low cost mini plotter

Chennai, April 16 2023: AM Jain College has added another feather to its cap by winning the first prize in project presentation at Krishna College, Coimbatore. The winning project, developed by the Department of Electronics and Communication Systems (ECS), is a low-cost three-axis mini-CNC plotter machine that can print text, images, and signatures. By using a modified ball pen, CD drive motors, and mechanical drive, the project has significantly reduced

the cost of traditional printing units. This innovative achievement showcases the ECS department's commitment to excellence and affordability, while providing practical solutions to real-world problems. The college is proud of the win and hopes that this project will inspire other institutions in the field of technology to develop equally innovative and affordable solutions.

## Flipkart Launches the Exchange Program for Used Air Conditioners

Chennai, April 16 2023: Flipkart, India's homegrown e-commerce marketplace, today announced the launch of an exchange program for used air conditioners on its platform. The offer will give customers an easy and reliable platform to exchange their used AC at the best price. This program will be applicable to all kinds of air conditioners. Customers will be able to exchange their used ACs irrespective of where they were purchased and will be rolled out across Flipkart's serviceable pin codes in the country. The initiative is in line with Flipkart Group's continuous effort to contribute towards a circular economy while offering the industry-best value to the customers and enabling this offering for sellers

to boost their business.

Building on its deep and extensive customer insights regarding apprehensions and unawareness around the resale of air conditioners in the country, Flipkart's AC Exchange Programme provides customers with a convenient and simple process to exchange their old AC at the best value with a new air conditioner of their choice on Flipkart. For the convenience of customers, Flipkart in collaboration with its partners is offering a hassle-free doorstep pickup with a pan India reach and also giving a limited period offer of free uninstallation service by experts.

Upgrading to the new BEE (Bureau of Energy Efficiency) 2022 rated air conditioners which are

~25% more energy efficient compared to air conditioners bought 5 years back will help in reducing the running cost and therefore result in higher savings for customers.

The growing usage of air conditioners in the country is leading to a high generation of scrap. The imprudent disposal of old AC leads to the contamination of soil, water and air. Being committed to creating a sustainable future, Flipkart has partnered with certified e-waste recycling companies to ensure the safe and responsible disposal of scrap generated.

Commenting on the launch, Adarsh Menon, Senior Vice President and Head of New Businesses, Flipkart, said, "With the oncoming summer

season, more and more people across the country look to purchase and upgrade their air conditioning devices. Over the years, there has been an ever-growing market for re-selling air conditioners which is highly unorganized and difficult to navigate. Through the AC Exchange Program on Flipkart, we aim to simplify this process and address nuanced pain points such as the uninstallation of old air conditioners to offer an end-to-end solution that combines the best value for the product, convenience, and discoverability. At Flipkart Group, it is our continuous endeavor to bring innovative tech-enabled solutions and enable reusability and responsible recycling which are indispensable in creating a sustainable economy."
