

BPCL signs MoU with Speed Force for Co-branded Two-wheeler Garages

Chennai, May 25 2023: Bharat Petroleum Corporation Limited (BPCL), a leading player in the oil and gas industry, has announced its strategic partnership with Speed Force (A Ready Assist Company), India's largest chain of multi-brand two-wheeler franchise, to establish a chain of co-branded two-wheeler garages across the country.

Under the newly signed Memorandum of Understanding (MoU), MAK Lubricants from BPCL and Speed Force will jointly develop co-branded MAK Serve garages across the country for a period of five years. This collaboration aims to provide a cost-effective business model for

entrepreneurs to establish new garages while ensuring standardized service quality.

The MoU signing ceremony took place in the august presence of Shri P. Sudhahar, Executive Director (Lubes) at BPCL, who highlighted BPCL's pioneering initiatives in the industry. Shri Abhay Shah, Chief General Manager Marketing (Lubes) at BPCL, and Shri Kapil Bhindi, Director (Business) from Speed Force, signed the MoU. The event was graced by Shri Akash Tiwari, Chief General Manager Marketing (Lubes), and other senior members from the Lubes HQ team.

Shri P. Sudhahar, Executive Director (Lubes), BPCL, stated that "On behalf of team MAK, we are happy to have partnered with Speed Force. BPCL and SpeedForce are committed to providing exceptional service quality and convenience to customers, revolutionizing the two-wheeler servicing experience in India. With the combined expertise and reach of both entities, the partnership aims to set new benchmarks in the industry."

As part of the strategic business model, the co-branded garages will directly engage with customers, fostering brand loyalty and positioning the MAK brand at the

forefront. These garages will exclusively offer the MAK range of products for two-wheeler servicing, ensuring the use of high-quality lubricants.

The partnership will commence with the establishment of MAK Serve garages in select cities across the country. The BPCL-Speed Force partnership is set to transform the two-wheeler service industry, offering unparalleled convenience, reliability, and brand assurance. This tie-up represents a significant milestone in MAK Lubricants' commitment to serving customers with top-notch service quality and exceptional products.

The Hinduja Family Secures Top Spot for the fifth time on the Sunday Times Rich List

Chennai, May 25 2023: The Hinduja family and Mr. Gopichand Hinduja, Co-Chairman of the Hinduja Group, a 108-year-old multinational conglomerate with a multi-billion dollar turnover, has topped the Sunday Times Rich List for the fifth time at £35 Billion. The Sunday Times Rich List compiles the net wealth rankings of the top 1,000 individuals or families residing in the United Kingdom, highlighting the wealthiest among them. This prestigious ranking is a testament to the Hinduja Group's remarkable achievements and outstanding success in the world of business.

The Hinduja family's contributions across various sectors, including automotive, finance, energy, and healthcare, have not only redefined industry standards but also created a lasting impact on the global economy. Incidentally, the Sunday Times Rich List came out within hours

of passing away of the Hinduja Group, Chairman, Mr SP Hinduja. Under the visionary leadership and strategic guidance of late Mr SP Hinduja, and Mr GP Hinduja, the Group has soared to unprecedented levels of success across diverse industries.

Expressing his gratitude for this remarkable achievement, Mr. Gopichand Hinduja remarked, "Me and my family are deeply

grateful and humbled to have secured the top position on the prestigious Sunday Times Rich List. I love my brothers. We four are one soul. This recognition not only acknowledges our family's relentless pursuit of excellence, it also serves as a testament to the collective efforts, unwavering dedication, and remarkable resilience demonstrated by every member of the Hinduja

family and the exceptional talent within our organizations."

Beyond the remarkable business accomplishments of the Hinduja Family they remain actively engaged in philanthropic initiatives through the Hinduja Foundation. With a focus on education, healthcare, and community development, the foundation has positively impacted countless lives.

Among the other esteemed names featured on The Sunday Times Rich List are Sir Jim Ratcliffe with £29.688 billion, Sir Leonard Blavatnik with £28.625 billion, David and Simon Reuben and family with £24.399 billion, Sir James Dyson and family with £23 billion, Lakshmi Mittal and family with £16 billion, and the Weston family represented by Guy, George, Alannah, and Galen Weston.

Teaser of upcoming movie 'Pimbilikki Pilappi' produced by AK Productions' Thalapathy R. Anandakumar, Djiroz production Djeasilane Balane, directed by debutant Antoni starring newcomers premiered at Cannes Film Festival

Chennai, May 25 2023: The teaser of 'Pimbilikki Pilappi' directed by debutant Antoni, produced by AK Productions' Thalapathy R. Anandakumar, Djiroz production' Djeasilane Balane was screened at the Cannes International Film Festival and well received.

The film fraternity including directors and artistes from all over the world who saw the teaser of 'Pimbilikki Pilappi' appreciated it a lot. Shot in beautiful locations in France, Italy and Switzerland, the film is co-produced by

Dhina and Mariaselvam. Made as a horror-dark comedy film, 'Pimbilikki Pilappi' is based on a lottery system held in France where prizes of up to 2,000 crores can be won. A gang which is in search of this lottery ticket crosses path with a psycho killer. What happens after that is the main plot of the film. Antoni, who is making his directorial debut with 'Pimbilikki Pilappi' has already directed the French short film 'Elsa'. The short film was premiered at the Cannes Film Festival a few years ago. It has

also won awards at various film festivals. 'Pimbilikki Pilappi' stars newcomers in lead roles. Venka Raj and Rajendiran are the protagonists and Narmada and Ann Samuel are the heroines. Antony has played the villain of the film. Thierry, Krishnakanth and Jeeva are playing prominent roles in the film. Kwaku from Africa has acted in the movie has dubbed for his role in Tamil. Editing is done by Ram and Satish. Director Antoni also handles the cinematography.

Veeraragavan works as the colorist. Johan Sivanesh composes the music for the film and Sandy Master is in charge of the choreography. The film crew has said that the movie will release soon. Produced by AK Productions Thalapathy R. Anandakumar, Djiroz production' Djeasilane Balane and directed by debutant director Antoni, the teaser of 'Pimbilikki Pilappi' screened at the Cannes International Film Festival received a good response and is set to be soon released in theatres worldwide.

India Tourism Development Corporation (ITDC), registered its best ever financial performance

Chennai, May 25 2023: India Tourism Development Corporation (ITDC), a Mini Ratna public sector undertaking under the aegis of the Ministry of Tourism, registered its best ever financial performance during the financial year 2022-23, achieving the highest ever Turnover and Profit. The total turnover for the fiscal year 2022-23 stood at Rs. 476.13 cr, representing a substantial increase of over 56% compared to the previous year.

The Profit Before Tax (PBT) for FY 2022-23 reached Rs. 86.12 cr, a jump of 983% in comparison to the previous year, while the PAT stood at Rs. 60.33 cr. This year in comparison with PAT last year of Rs. 4.38 cr.

Commenting on the same, Shri. Piyush Tiwari, Director (Commercial & Marketing), said, "ITDC scripts a new success story this year with its exceptional offerings and consumer-centric services. These astounding growth figures demonstrate a historic moment for us, as we celebrate the highest-ever turnover and profit by surpassing all previous records and accomplishing notable milestones, particularly a huge rebound after the negative impact of COVID-19. We have achieved the highest consolidated turnover ever recorded for a full year, along with an unprecedented profit before tax. This incredible performance showcases our

commitment to excellence and our dedication to promoting tourism in India which was made possible by the dedicated and determined efforts put in by ITDC collective."

The iconic Ashok hotel has achieved its highest ever turnover of Rs. 199.59 cr and profit of Rs. 50.51 cr during FY 2022-23, further highlighting the exceptional performance of ITDC. All the business verticals at ITDC have also shown a much improved performance during the FY 2022-23. This indicates a strong demand for ITDC's incomparable hospitality offerings. The increased occupancy showcases ITDC's unwavering

commitment to providing unparalleled guest experiences, ensuring customer satisfaction at the forefront of their operations. ITDC's relentless pursuit of excellence and innovation, coupled with a deep understanding of the evolving needs and preferences of its discerning guests makes it stand unique in the market. Its outstanding financial results are a reflection of recognition of ITDC's capabilities in customer's mind. By consistently raising the bar in terms of quality, service, and amenities, ITDC has successfully positioned itself as a preferred choice among travellers and business professionals alike.

President of India, Smt. Droupadi Murmu, interacted with Women SHG members at the Mahila SHGs Sammelan organised by the Tribal Cooperative Marketing Development Federation of India (TRIFED) and the National Scheduled Tribes Finance and Development Corporation (NSTFDC), under the aegis of the Ministry of Tribal Affairs, held at the Birsa Munda College Stadium in Khunti District of Jharkhand today.

Colgate Strong Teeth toothpaste relaunches with a formula to nourish teeth

Chennai, May 25 2023: Colgate, the leading oral care brand in India, announces the relaunch of its flagship product - Colgate Strong Teeth Toothpaste - with a refreshed formula. Enriched with Colgate's unique Arginine technology that gives a Calcium boost, this toothpaste nourishes the teeth and makes them 2X stronger.

Preferred for the oral needs of the entire family, Colgate Strong Teeth toothpaste with its latest campaign - "Paste hi Nahin, Daanton ka Poshan hai ye!", brings forward the importance of nourishment of teeth.

Frequent consumption of sugary & processed food leads to weakening of enamel and loss of Calcium from the teeth. This process is called demineralization. To counter this process, the saliva in our mouths deposits natural Calcium onto the teeth

via a continuous process called remineralization which is essentially how our teeth get nourished.

Colgate Strong Teeth toothpaste has a unique, naturally occurring amino acid called Arginine which along with fluoride enhances the process of deposition of natural calcium back onto the teeth thereby supporting remineralization and nourishing our teeth.

Speaking on the occasion, Gunjit Jain, Marketing Director, Colgate-Palmolive India said, "At Colgate, we believe it is our responsibility to continue to focus on building the right oral care habits in India. Colgate Strong Teeth toothpaste is all set to relaunch with its unique Arginine based technology, that not just cleans your teeth but also nourishes them.

Backed by science, we are confident that this advanced formula will deliver superior results than ever before.

The all-new Colgate Strong Teeth Toothpaste ensures you keep your smile on and teeth nourished, healthy and strong, just as you would nourish your hair, skin or body."

The toothpaste will be available both online and offline.

HP brings affordable Laser Printers for home office and small businesses in India

? Print speed of up to 20 pages per minute with a

Bayer CropScience Limited reports Q4 & Annual Results

Chennai, May 25 2023: Bayer CropScience Limited (BSE: 506285) on Wednesday announced its results for the financial year (FY) and quarter ended March 31, 2023. In FY 2022-23, the Company registered Revenue from Operations of ₹ 9,825 million, compared to ₹ 9,633 million in the corresponding quarter of the previous year, delivering a growth of 2%. Profit Before Exceptional Items & Tax for the quarter stood at ₹ 1,921 million, compared to ₹ 1,895 million in the corresponding quarter of the previous year, representing an increase

of 12%. Profit Before Tax (After Exceptional Items) increased by 17% from ₹ 8,468 million to ₹ 9,901 million.

In Q4 of FY 2022-23, the Company registered Revenue from Operations of ₹ 9,825 million, compared to ₹ 9,633 million in the corresponding quarter of the previous year, delivering a growth of 2%. Profit Before Exceptional Items & Tax for the quarter stood at ₹ 1,921 million, compared to ₹ 1,895 million in the corresponding quarter of the previous year.

Commenting on the

quarterly results, Simon-Thorsten Wiebusch, Executive Director, Bayer CropScience Limited said, "Our sales growth in Q4 continued to be driven by strong crop protection sales and consistent performance by our corn seeds business while overcoming some supply constraints faced during the quarter. Although our channel inventory continues to remain at healthy levels, we are witnessing a normalization of Roundup™ prices and availability."

Speaking on the FY results, Simon Britsch,

Chief Financial Officer, Bayer CropScience Limited said, "The steady performance of our crop protection and corn seeds portfolio helped us deliver 9% growth in Revenue from Operations for the financial year. Though headwinds in the form of inflationary pressures led to higher operating expenses, we continued to invest in key initiatives to drive long-term growth. During the year, the company had an exceptional income of ₹ 1,038 million arising from the sale of its Environmental Science Business in Q3 of FY 2022-23."

Union Home Minister and Minister of Cooperation Shri Amit Shah handed over appointment letters of government jobs to 44,703 successful candidates in Assam, today. Several dignitaries including Chief Minister of Assam, Dr. Himanta Biswa Sarma, were present on the occasion.

Volkswagen India enhances its flagship SUVW, Tiguan

Chennai, May 25 2023: Volkswagen Passenger Cars India today announced the introduction of the updated Tiguan for customers with enhanced feature offerings. The flagship SUVW by Volkswagen is now available to customers with new and fresh dual-tone Storm Grey interiors, along with the much in demand wireless mobile charging feature that allows the customer to charge their mobile phone on the move. The enhanced Tiguan is also now RDE norms compliant. The feature enhanced Tiguan is available for customers at an attractive price of INR 34.69 lakh (ex-showroom).

Aiding customers to park quickly and smartly in the tightest spaces, the updated Tiguan is equipped with Park Assist (Level 1 ADAS system). With Park Assist, it's like having a personal parking attendant.

Speaking at the introduction of the enhanced Volkswagen Tiguan, Mr Ashish Gupta, Brand Director,

Volkswagen Passenger Cars India said, "Generation after generation, we have witnessed an increasing demand for our global best-seller, the Volkswagen Tiguan. With the updated Tiguan, we are offering our customers an impeccable combination of style, performance, premiumness, safety and class-

leading features. The Tiguan commands a strong and robust presence owing to its immaculate German-engineering, build quality, safety and fun-to-drive experience. We are certain the enhanced Tiguan will attract many more Indian customers to the Volkswagen family enabling them to experience & enjoy our flagship model."

Update on Katpadi Station Redevelopment works

Chennai, May 25 2023: Southern Railway has taken up Katpadi Station redevelopment in order to offer a world-class ambience, futuristic infra and airport-like facilities for passengers. Tender was awarded for the redevelopment in September 2022 and the redevelopment work is progressing at a steady pace.

Works executed So far

- Master Plan Validation completed.
- Traffic Survey work completed.
- Utility Scanning completed.
- Preliminary works such as Mapping and Topographical survey, drone survey, DGPS Survey, Traffic survey, tree inventory, joint inventory of movable and immovable assets.
- All kind of Soil test (Geotechnical investigation) completed at various locations.
- Project management Services have commenced work.
- Site clearance work completed for building locations for Phase-I & Phase II.
- Right of way, which is a legal right to enter and carry out the work, has been provided to the EPC contractor for construction of Phase-I building for Staff quarters (Type-II - 16 units, 2 blocks), Barrack and Scout, P-way and Signal Warehouse, SSE Tele/Signal yard space, Gang tool cum Restroom Artisans

room, Parcel/RMS office and Elevated trolley path, MLCP/MLTP and PWAY shed, Sump, STP, Solid waste management System including incinerator, External Service, Departure Air Concourse & Departure terminal building.

On a regular basis project review meetings are held with the stakeholders of the project.

Fabrication of Sign boards & barricades completed.

Katpadi (KPD) Station Redevelopment works

The work of redevelopment of Katpadi Railway station was awarded as EPC contract to M/s Engineering Projects (India) Ltd, Chennai at a cost of Rs. 329.32 Crore, setting a time frame of 36 months from D Date, i.e. from 01-12-2022, for completion of the

project. M/s Voyants Solutions Pvt Ltd, Gurgaon have been tasked with the work of Project Management services (PMS) at a cost of Rs. 7.89 Crore.

Two terminals (Arrival & Departure) are proposed to be constructed in the southern side, connected by Air concourses while arrival & departure lobby will be constructed in the Northern side. The Terminal Buildings will be equipped with world class amenities like waiting lounge, ticketing area, commercial area and Roof plaza etc. Elevated skywalks and subways with adequate lifts/escalators will connect both of these terminals to the bus stand thus enabling hassle-free inter-modal connectivity. A dedicated space for handling parcels will also be constructed.

Works executed recently

Staff quarters foundation backfilling in progress.

Site cleaning & Marking for Scout, Artesian, RPF barrack in progress.

New Škoda Enyaq Laurin & Klement: Extended range and comprehensive technical upgrades

Chennai, May 25 2023: Škoda Auto is completing the top end of its all-electric SUV series by launching the new Enyaq L&K. Steeped in Škoda tradition, this variant named after the Czech car company's founders Václav Laurin and Václav Klement is distinguished by specific exterior and interior design features and comes with a particularly comprehensive range of standard equipment. There are extensive technical upgrades, as well. The rear-wheel-drive Enyaq L&K 85 and the Enyaq L&K 85x with all-wheel drive deliver a system output of 210 kW*. They offer an increased range of up to 570 kilometres** on the WLTP cycle along with battery charging times from 10 to 80 per cent in less than 30 minutes. The Enyaq L&K is the first Škoda model to feature a new User interface for enhanced ease of use, with updated graphics that reflect the new Škoda CI.

Johannes Neft, Škoda Auto Board Member for Technical Development, says: "In the new Enyaq L&K, we are introducing several technical upgrades that will subsequently be used in the other models of this series, as well. The new, more powerful drivetrain generation will deliver a higher system output of 210 kW*. At the same time, we have been able to extend the maximum range to 570 km** on the WLTP cycle and keep the 10 to 80 per

cent charging time under 30 minutes. Based on customer feedback, we added battery preheating management, which also uses navigation data. This function optimises the charging performance even in cold weather. Moreover, our new User Interface takes usability to a completely new level, making the operation of the vehicle even more intuitive."

Extended range and comprehensive technical upgrades

The Škoda Enyaq L&K marks the debut of a new battery and drive package. It offers an increased output of 210 kW*, better acceleration and a longer range. The rear-wheel-drive Enyaq L&K 85 goes from 0 to 100 km/h in 6.7 seconds**, which is almost two seconds faster than the previous rear-wheel-drive Enyaq iV 80. The top speed is now 180 km/h**, and the maximum range on the WLTP cycle has risen even further to 570 kilometres**. The Enyaq L&K 85x with all-wheel drive accelerates from 0 to 100 km/h in just 6.6s seconds**, and its range is up to 550 kilometres**. The battery's charging curve has been optimised; it allows the Enyaq L&K to be charged from 10 to

80 per cent of its capacity in less than 30 minutes.

New preheating function for all Enyaq variants from the 2024 model year onwards

The Enyaq Laurin & Klement is equipped with the latest ME4 vehicle software, which will be included in all Enyaq family models produced later this year onwards. The new software adds numerous improvements and new features. These include a preheating function, which brings the battery to an optimal temperature before charging begins. There are two modes to choose from, and the process can be started manually by pressing a button in the central infotainment display. In automatic mode, this happens without the driver's involvement when the vehicle is on its way to a fast-charging station, based on data from the navigation system.

Exterior with exclusive detailing in Platinum Grey

The Škoda Enyaq L&K is identifiable by exclusive Platinum Grey detailing on its model-specific bumpers as well as the diffuser and exterior mirrors. The side skirts are painted in body colour, while the window frames and roof rails are

finished in chrome as is the frame of the Škoda grille, which features the Crystal Face illuminated by 131 LEDs as standard. The standard equipment also includes full LED matrix headlights, which can avoid dazzling oncoming cars and mask out reflective surfaces, and full LED tail lights. The rear side windows and rear window are tinted ('SunSet'). The Enyaq L&K features specific 20-inch or optional 21-inch alloy wheels and L&K badging on the front wings. The new model bears Enyaq lettering on the tailgate, dropping the suffix 'iV' from its name, as will all other variants of future Škoda BEV models including the Enyaq family.

Two Design Selections and ventilated leather seats with massage function

For the interior of the Enyaq L&K, Škoda Auto offers customers a choice of two specific Design Selections. The Design Selection L&K Shell with beige leather upholstery is standard. The optional L&K Black features black leather. The front seats with ventilation and massage functions, which are exclusive to the L&K version, are included as standard in both versions. Using the infotainment menu, occupants can select from the three functions 'ventilation', 'heating' and 'heating with ventilation', activate the massage function and operate the seat adjustment. The pedals feature a distinctive aluminium look.

Official Language Seminar - Hindi in orders too

Chennai, May 25 2023: A technical seminar on HRMS was organized on 24.05.2023 at Southern Railway Headquarters office under the chairmanship of Shri Gautam Dutta, Principal Chief Engineer and Mukhya Rajbhasha Adhikari. Shri K. Hari Krishnan, Principal Chief Personnel Officer, was present as a special invitee. Shri M. Senthil Kumar, Deputy Chief Personnel Officer/Industrial Relations and ten other personnel officers and 80 employees were present. During the seminar, the method of uploading documents coming under section 3(3) like office order, office memorandum in bilingual form, in HRMS was demonstrated through power point presentation. Dr.A.

Srinivasan, Rajbhasha Adhikari, Headquarters office, explained in detail about how these documents could be uploaded in bilingual and also about the various incentive schemes available for

the use of Official Language. He also informed that a consolidated list of phrases used in these documents has been uploaded in the intranet home page of Southern Railway, which will

prove beneficial for the employees of not only Headquarters office but also to all those working in Divisions and Workshops. The seminar concluded with Vote of thanks by Smt. N. Chitra, Sr. Translator.
