The criminal Justice System rooted in the era of slavery is now history. Now, justice takes precedence over punishment. The nation has got a new Nyaya Sanita based on the principle of 'Justice First'. For the purpose, three landmark Bills relating to the criminal justice system to ensure victim-centric justice

witnessed a historical moment when Nari Sandan Adhiniyam, 2023 i.e. the Constitution (One Hundred and Sixth Amendment) Act, 2023 for giving one-third reservation to women in Lok Sabha and State/Union Territory Legislatures to enable greater participation of women as public representatives in policy making at the National and State levels was passed. The voting pattern in Lok Sabha remained 454 voting in favour and only 2 Members voting against it. In Rajya Sabha, it was passed unanimously.

During this period, following the vision of Prime Minister Shri Narendra Modi under 'Digital India Programme', Ministry of Parliamentary Affairs is fast implementing "National e-Vidhan Application- NeVA" for making all legislatures paperless. Prime Minister made clarion call to all the Presiding officers on 26th November, 2020 from Kevadia during 80th Presiding Officers' Conference for early adoption of NeVA. This call was renewed by the then President of India on 31st January, 2021 during his address to both the Houses of Parliament. So far 22 State Legislatures have signed MoUs while projects of 19 Houses have already been approved and by the time NeVA has gone live in 12 State Legislatures. Concerted efforts are being made for its early implementation in rest of Legislatures including two Houses of Parliament.

The present Government has created a record by scrapping the old, redundant, and archaic Laws from statute books. A total of 1562 old and redundant Laws have been repealed so far since 2014.

'Mr. Zoo Keeper' Audio Launch directed by J. Suresh My heartiest thanks to actor Soori for gracing this occasion My humble thanks to Thomson sir for introducing me - Actor Pugazh

Chennai, Feb 11 2024: T. Jeba Jones and S Rajarathnam of J4 Studios are producing a film titled 'Mr. Zoo Keeper', which is directed by J. Suresh, featuring 'Cook with Comali' fame Pugazh in the lead. A commercial entertainer, the story of this movie revolves around an ordinary man's attempt to save a tiger. Yuvan Shankar Raja has composed music for this film.

With the film gearing up for release soon, the audio launch and press meet was held in Chennai on Wednesday (February 7), with actor Soori taking part as the chief guest. Here are some excerpts from the event.

Producer T. Jeba Jones said, "This marks the seventh film in my production. Started on a modest budget, 'Mr. Zoo Keeper' has now become a grand venture. We have successfully captured the essence of the film by featuring a real tiger, a spectacle never before witnessed in Tamil film industry in the recent decades. Anticipation builds as the film is set to hit the screens soon. I extend my heartfelt gratitude to my dear friend Rajarathnam for his unwavering support throughout this journey."

Producer Rajarathnam said,

"Jones expressed immense confidence as he narrated the story. Initially, there was apprehension about filming with a real tiger. But everything went well. The budget ended up being twice as much as we had initially planned. However, witnessing the final outcome of director Suresh's efforts was truly gratifying. He dedicated himself to the project wholeheartedly, treating it as his own production. This film marks Pugazh's debut as a lead actor, and it turned out exceptionally well. I extend my gratitude to actress Shirin Kanchwala and all the technicians for their invaluable support. A special mention goes to actor Soori for his presence and warm greetings."

Actor Muthukaalai said, "I express my gratitude to the producer and director for including me in the film's trailer. In this movie, I share a special connection with a cat rather than a tiger, which made my experience comfortable. I am truly grateful for the opportunity to be a part of this remarkable film. I extend my heartfelt wishes for its resounding success."

Actor Vijay Seeyon said, "I am grateful to

director Suresh for giving me this wonderful opportunity. While auditioning, the director inquired if I had the courage to confront a live tiger. Without hesitation, I assured him that I would take on the challenge. A lifelong cinematic aspiration has finally materialized for me. Working alongside actor Pugazh was like a breeze, and he provided unwavering support throughout the filming process. I extend my heartfelt gratitude to everyone involved."

Choreographer Radhika said, "I thank Karthik sir for providing me with this wonderful opportunity. Director Suresh encountered numerous challenges while making this film. Working with a tiger during the shooting was a unique and thrilling experience. Witnessing the growth of actor Pugazh has been a delight, and it brings me immense happiness to see him evolve into a hero. I would like to express my gratitude to

Actress Shirin Kanchwala said, "I am very happy to act in this film. My thanks to the producers and director for trusting me. Congratulations to

actor Soori for gracing this occasion and congratulating Pugazh and our entire team. I am a huge fan of his. The film has turned out exceptionally well, and I extend my thanks to both the producers. May the film achieve great success."

Mr. Thomson said, 'I would like to express my gratitude to all those who have gathered here to show their support for actor Pugazh. Over the past five years, Pugazh has faced numerous challenges and struggled relentlessly. There were countless days when he patiently waited at Prasad Lab, hoping for opportunities to come his way. His perseverance has paid off today. His success is a testament to his determination. Let us all wish the film great success.'

Actress Shirin Kanchwala said, "I am very happy to act in this film. My thanks to the producers and director for trusting me. Congratulations to

Pugazh. I have a very good character in this movie. Thank you for your support."

Director Suresh said, "I thank the producers very much. Soori possesses an extraordinary level of humility that is truly remarkable. This humility will undoubtedly lead him to achieve great things. Yuvan is the backbone of this film, and we have shared a friendly bond for 25 years. I narrated the story to Yuvan first and he liked it. Then I saw Pugazh's exceptional performance on a TV show. After narrating the story to him, he expressed enthusiasm to be part of it. But finding a producer for the film proved to be a challenge. That's when I met Jones, who immediately showed interest in kick-starting the project. And that's how the film came to be. Pugazh wholeheartedly dedicated himself to the film, actively participating in every discussion. He even

acted alongside a tiger throughout the entire movie. This experience will undoubtedly serve as a significant breakthrough for Pugazh, and the film has turned out exceptionally well. Shooting with a tiger was an incredible and unforgettable experience. Shirin, who has already gained fame as heroine, has performed very well in 'Mr. Zoo Keeper.' Tanveer's brilliant cinematography has truly enhanced the overall quality of the movie. This film is a heartwarming production that avoids any form of obscenity. I extend my thanks to all of you who will undoubtedly appreciate the film."

Actor Pugazh said,

"My heartiest thanks to actor Soori for gracing this occasion. My humble thanks to Thomson sir for introducing me. Reflecting on the past, I had worked tirelessly in this very place at Prasad Lab, performing tasks

such as washing cars, cleaning leftovers, and various other tasks in order to earn a living. However, today, I am overwhelmed with emotions as a movie featuring me in the lead role is having its audio launch at the same venue. The renowned Yuvan Shankar Raja has composed for this film. I had the opportunity to act alongside the actual tiger in this film. I am immensely grateful to the producers for their great support. I would also like to extend thank Shirin who believed in the story. Every individual involved in the film has put in tremendous effort. I express my gratitude to Radhika Master, the Stunt Master, and everyone else involved. I am truly grateful to Yuvan sir for composing music for me. Once again, I would like to thank everyone. The film has turned out exceptionally well. Thank you for watching and supporting the film."

Actor Soori said, 'I thank all those who have supported this film. The entire movie was filmed in the forest, which is no easy task. I personally understand the challenges of shooting in such a dense and unpredictable environment, as I have previously acted in a film that was shot in the forest for a duration of

three years. Many people often complain about tigers entering their living spaces and causing havoc, but the truth is that we have encroached upon their natural habitat, posing a threat to their existence. This film effectively conveys a beautiful message regarding this issue. I am overjoyed to witness the growth and success of Pugazh, and I sincerely wish him continued triumphs in his career. The presence of Yuvan Shankar Raja sir is a significant strength for all movies, including my own film Garudan. He continues to dominate the industry and will undoubtedly do so in the future. I extend my heartfelt thanks to him. Pugazh is a multi-talented individual, and it is delightful to see him becoming a favourite among households and families. His comedic timing is impeccable. I pray that he maintains his stature in the industry for many years to come and achieves even greater success. Director Suresh is exceptionally talented, and I offer my congratulations to him. I sincerely hope that the film achieves tremendous success. My best wishes to the whole team."

Chennai, Feb 11 2024: Union Home Minister and Minister of Cooperation, Shri Amit Shah participated in the discussion in the Lok Sabha today under Rule 193 on the construction of the historic Ram Temple and the consecration of Shri Ram Lala. Shri Amit Shah said that today he wants to present thoughts of his heart and voice of the people of the country in this House, which was suppressed in the court documents for years and got expression after Shri Narendra Modi became the Prime Minister. He said that 22 January 2024 is going to be a historic day for ten thousand years. Shri Shah said that January 22 marks the end of the struggle and movement against injustice that started in 1528. He said that 22 January is the day of aspiration and accomplishment of crores of devotees of Lord Ram, the renaissance of spiritual consciousness of entire India and the beginning of the journey of a Great India. He said that 22 January is the day to pave the way for Maa Bharati (India) to become a Vishwa Guru (Teacher of the world). He expressed gratitude to all the warriors who fought for Shri Ram Temple from 1528 to 2024.

The Union Home Minister said that India cannot be imagined without Lord Ram and Ram Charitra and those who want to get acquainted, know and feel this country, cannot

do so without Lord Ram and Ramcharit Manas. He said that Lord Ram is the soul of the people of this country. He said that those who imagine India without Lord Ram do not know India and they represent our era of slavery. Shri Shah added that Lord Ram is not a person, but a symbol of crores of people on how to live an ideal life, that is why he is called Maryada Purushottam. He said that Ram Rajya is not for any particular religion or sect, rather it is a symbol of what an ideal state should be like, not only for India but for the entire world. Shri Shah said that the work of re-establishing Lord Ram and Lord Ram's character has been done by the hands of Prime Minister Modi on 22 January.

Shri Amit Shah said that the fight for Ram Jannabhoomi continued from 2014 to 2019, lakhs of pages were translated and then in 2019, Modi ji again became the Prime Minister. After the court's decision, Modi ji laid its foundation on August 5, 2019. He said that in this movement, crores of people took their wish and devotion to Ayodhya in a constitutional and peaceful manner. He said that Ashok Singhal ji took this journey to its extreme, Advani ji created public awareness and Narendra Modi ji awakened a spiritual consciousness by fulfilling the aspirations of the people. This entire movement will be seen

as a democratic value that how a country kept pleading patiently in the Supreme Court for so long to fulfill the religious beliefs of its majority society and after the decision of the Supreme Court, it is fulfilled in a harmonious atmosphere.

The Union Home Minister said that during the judgement of the Supreme Court and the construction of Ram temple, many people said that there will be violence in the country, but Narendra Modi ji is the Prime Minister of this country. Modi ji's visionary thinking also converted the court's judgement into an order of the apex court acceptable to all instead of victory or defeat. He said that when invited to perform Bhoomi Pujan after the construction, Modi ji kept a difficult fast for 11 days. Shri Shah said that the Prime Minister performed consecration by not sleeping on the bed for 11 days, drinking only coconut water and immersing in the devotion of Lord Ram. He said that the Bhakti movement is not new in India. He added that in the thousands of years long cultural and political history of India, a leader has shown the qualities of leadership.

Shri Amit Shah said that many important results have been achieved in the last 10 years under the leadership of Prime Minister Modi. Earlier there was a government

with policy paralysis and today by making many policies, Modi ji has taken India's economy from 11th position to 5th in the world. Shri Shah said that when China tampered with our border like in 1962, India stood firm under the leadership of Modi ji. He said that when terrorist attacks took place in Poonch and Pulwama, Modi ji demonstrated bravery of leadership by carrying out surgical strikes and air strikes and also retaliated by entering their places. He said that when thousands of children were stressed during exams, Modi ji showed leadership like a father and did Pariksha phobia. Thereafter, when the opportunity came for Ram temple, like a monk and a devotee, he created an environment of spiritual consciousness in a proud manner.

The Union Home Minister said that this country needed such leadership for a very long time. He said that 140 crore people of the country ended all the challenges of the country by electing Shri Narendra Modi as the Prime Minister. He said that the construction of Ram Temple is a wonderful example of social unity and cultural renaissance by connecting the entire society. Shri Shah said that the Ram temple built in Ayodhya is the victory of development over demolition and spirituality and devotion over religious bigotry.
